

# 30 YEAR LIFE SCBA CYLINDERS

## Features & Benefits

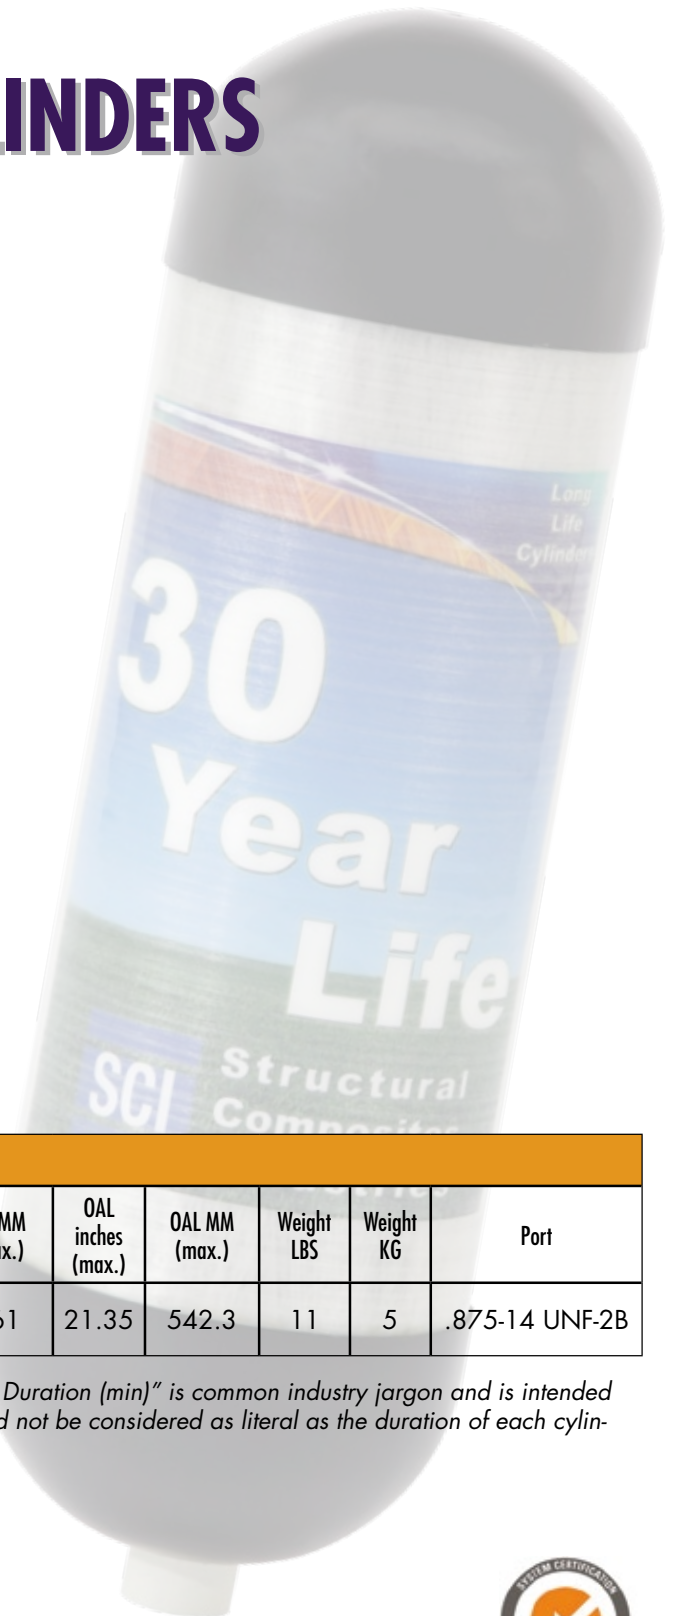

- Longer life – 30 year
- Highly cost effective – twice the life of current cylinders
- Reduced premature cylinder attrition
- Improved abrasion resistance
- Uniquely formulated highly durable exterior coating
- Custom Labeling options available
- Available in 45 min\* / 4500 psi
- DOT approved
- 5 year hydrostatic testing
- Reduced environmental impact
- Available for all SCBA's

**Safety + Reliability + Savings = SCI**

# 30 YEAR LIFE SCBA CYLINDERS

## Specifications

### 30 YEAR LIFE CYLINDER SPECIFICATIONS

Model	Approx. Duration (min.)*	DOT Approval	TC Approval	PSI	Bar	Volume cu. in. (min.)	Volume liter (min.)	OD inches	OD MM (max.)	OAL inches (max.)	OAL MM (max.)	Weight LBS	Weight KG	Port
1045	45	DOT-SP 13583	N/A	4500	310	412	6.75	6.34	161	21.35	542.3	11	5	.875-14 UNF-2B

\*Specifications are approximate and subject to change without notice. "Approx. Duration (min)" is common industry jargon and is intended to draw a comparison to competitive products only. Duration specifications should not be considered as literal as the duration of each cylinder is predicated on the breathing rate of the user.
