

### BREATHING AIR HOSE AND FITTINGS 3/16" ID

Custom hose assemblies made to order – specify lengths and end configurations

**AVAILABLE ONLY HERE**  
**7000 PSI HOSE**

**7000 PSI** (4:1 safety factor)  
Exceeds safety standards

- All assemblies pre-assembled
- Hose ends available – JIC, Pipe, Pipe Swivel, ORB – various sizes and configurations

**6000 PSI** (4:1 safety factor)  
Also available in 1/4" ID and 3/8" ID

### TWIN-LINE HYDRAULIC HOSE AND FITTINGS 1/4" ID

*Need replacement hose for your rescue equipment?*

Custom hose assemblies made to order – specify lengths and end configurations

All assemblies pre-assembled

- 5000 PSI (4:1 safety factor); Colors available: Blue, Green, Yellow and Orange

- Hose ends JIC, Pipe, Pipe Swivel, ORB – various sizes and configurations

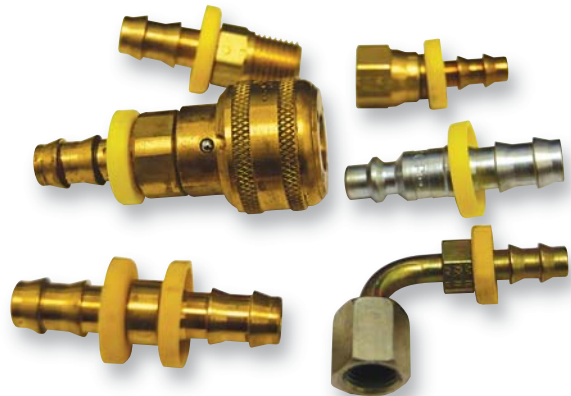

### LOW PRESSURE HOSE AND FITTINGS

(No clamps or sleeves needed)

Available in bulk or hose assemblies (made to order)

- Pushlok Hose – 350 PSI
- Colors avail. – Red, Blue, Green, Yellow, Black and Grey
- Sizes avail. – 1/4" ID, 3/8" ID, 1/2" ID

- Hose Ends available – JIC, Pipe, Pipe Swivel, Quick Disconnect, Hose Menders, etc. – various sizes and configurations.

### TUBE FITTINGS AND TUBING

Nylon Tubing - 250 PSI

- Sizes avail.: 1/8" OD and 1/4" OD 250 PSI
- Colors avail.: Black and White
- Metric sizes available

Polyethylene Tubing - 120 PSI

- Sizes avail.: 1/4" OD 120 PSI
- Colors avail.: Black and White
- Metric sizes available

*Also available Stainless Steel Tubing & Fittings.*

## TUBE FITTINGS AND TUBING - CONTINUED

Prestolok Fittings (push to connect) – Up to 300 PSI

- Various sizes and configurations available
- Metric sizes available

## HIGH PRESSURE FITTINGS

Pipe Fittings

- Various sizes and configurations

Flare Fittings (JIC)

- Various sizes and configurations

### HIGH PRESSURE FITTINGS - CONTINUED

Compression Fittings  
• Various sizes and configurations

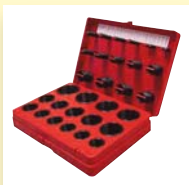

### LOW AND HIGH PRESSURE FITTINGS

Quick Disconnects  
• Various sizes and configurations

**ZANDER** Air Treatment Systems - SEE BAUER INDUSTRIAL section.

**High Quality Purification Solutions**  
a solution for every contaminant

Parker ZANDER operates in purification and separation technologies where compressed air and gas purity product quality, technological excellence and global support are paramount. Parker ZANDER designs and manufactures compressed air treatment products and ancillary equipment for many key industries where ease of integration, low cost of ownership and energy savings can make a measurable difference.

In these times of increasing energy costs, an efficient and cost effective manufacturing process is a major factor in maximizing the profitability and growth of your business. All Parker ZANDER products are designed to minimize the use of compressed air and electricity in their operation and to reduce the operational costs of the compressed air by minimizing pressure loss significantly.

Equipment with a low purchase cost may turn out to be a poor investment in the long term. By guaranteeing air quality and ensuring energy consumption is kept to a minimum, Parker ZANDER purification products can reduce the total cost of ownership and help improve profitability through improved manufacturing efficiencies.

**Solutions:**

- Compressed Air & Gas Filtration
- Static & Particle-Free Filtration
- Culinary Steam Filtration
- Water Separators
- Refrigeration Air Dryers
- Modular & Van Trailer Adaptation Air Dryers
- Condensate & Waste Water Technology
- Humidifying Air Purification
- After Sales Service

**Benefits:**

- Air Quality
- Energy Efficiency
- Low Lifetime Costs
- Reduced CO2 Emissions
